## Proposed Rule Changes

### **1. Remove 1<sup>st</sup> sentence under Rodeo Livestock**

~~Stock Requirements to be based on entries" 60% rough stock; 30% timed events.~~

#### **ADD**

Stock contractors may be required to have enough stock for a go-round in each event, the amount of stock to be based on the number of contestants the previous year, plus a percent, the percent being the cut to even up the stock. Any stock declared by the sponsoring group as unsatisfactory must be replaced. If a re-ride is given for an animal 4 times in a row, that animal will automatically be declared unsatisfactory and must be replaced. Untired or green rodeo stock will not be permitted.

Chad Chauncey – Tyson Paxton – Casey Stirling

#### **2. ADD**

Regional Rodeo's will be allowed to assess a \$2.00 fine for all contestants for losing their hat at any time within the arena. The Finals committee WILL enforce the rule, unless otherwise posted.

Jeremy Stevens

#### **3. ADD**

A participant in any regional rodeo, whose fees were paid by check, that comes back to the regional rodeo as Non-Sufficient Funds (NSF), will be deemed ineligible for the finals rodeo in all events. This rule does not only cover events from the rodeo where the NSF check was received. This rule covers any rodeo where they may have qualified.

To regain eligibility to participate at finals, contestants must have all fees (original amount plus NSF fee) paid in cash to the regional rodeo secretary affected by this before they are eligible to register at the Finals rodeo. Failure to do this will deem the contestant ineligible!

This rule does not move contestants placing up at any of those rodeos where participant became ineligible.

It is the responsibility of the regional rodeo secretary to notify the finals secretary of this issue in a timely fashion to make finals draw accurate.

Teri Henninger

#### **4. ADD**

### **Additional Rule to the Jr. Boys and Girls Flag Race Event Rules**

On Page 13, paragraph 3 under Flag Race – Boys (30-second time limit):

Add the following highlighted text-

Two 5-gallon buckets set on 55-gallon barrels will be needed. **The barrels will be required to have padding on the top edge of the barrel to keep the contestant's leg safe if hit. The padding can be at the rodeo committee's discretion.** Whole oats will be used in buckets. The oats must be 4 inches from the top of both buckets.

Respectfully submitted,

Shannon Fagerhaug
